TWO EXCITING GAMES

Played Last Night Between Girls' and Boys' Basketball Teams of M. H. S. and Paris—Girls Win and Boys Lose.

The last basketball games of this season were played last night when Maysville lined up against Paris. The girls basketball game started the sport for the evening with Maysville in the lead in the first half, displayed some of the neatest goal shots and clever guarding that has been seen for several seasons. The first half closed with the score of 24 to 14 in Maysville's favor. The home team line-up for the first half was Slye and Keith, forwards; Farnsworth and Wood, guards; Jones, center.

The second half opened with Paris making a number of clever goal shots and winning a few points off Maysville fouls. Paris forged to the front in the first part of the second half, but Maysville held her lead and the game ended in a victory for Maysville of a score of 31 to 30. The forwards for the second half were Pogue and Keith. Every one of the Maysville players did commendable playing. Farnsworth should be complimented on the way she baffled her opponent, Jones on the clever dodging and goal shots, Slye, Pogue and Wood on team work and Keith on clever, hard playing.

The boys game opened with Purdon, center; Dickson and Tully, guards; Thomas and Dawson, forwards. The game was close and hotly contested, Paris winning one point and Maysville next, and the first half closed with a tie of 10 to 10. During the second half Paris forged to the front. Purdon was put out for personal fouling and Walker substituted. Immediately Maysville began to pick up and made several points, and it was clearly seen that if a substitution had been made sooner, the score would have ended in Maysville's favor, instead of a victory for Paris of 24 to 21.

Miss Frances Geisel was referee for the girls game and Roy Hampton referee for the boys.

EARLY MOVE BY JAPS

Washington, March 15—Aside from press dispatches, Washington had no information today on the decision of the All-Russian Congress of Soviets at Moscow, ratifying the German peace terms. Nothing had come either from Ambassador Francis at Volodga or the American Consul General at Moscow.

It is believed that ratification of the peace terms will bring an early move by Japan in Siberia. Any move by the Japanese, it is believed, would be made chiefly as a measure of protection for Japanese and American supplies at Vladivostok. There is no real danger, official say, of German armies moving that far East, but there is a probability that supplies at Vladivostok might be sent into Russia and then find their way into German hands.

Eleven candidates were initiated into the mysteries of the Eastern Star by the Maysville chapter last night.

Mrs. Frank Hendrickson returned home last night after a business trip of a few days in Cincinnati.

Mrs. S. H. Poe, of Myers, is visiting Mrs. R. M. Stephens, of Commerce street.

ADDRESS FROM AN ALLY

Captain Renaudeau of the French High Commission at Opera House Sunday, March 17.

The motto of our state, "United we stand, Divided we Fall," is true in a wider sense today than ever it was before. For unless we stand without wavering shoulder to shoulder with the forces for civilization, freedom and democracy against barbarism, imperialism and autocracy just as surely will we fall under the yoke of the oppressor. The great common cause, which unites us and our allies, the struggle to preserve our rights to liberty and pursuit of happiness, lifts every tiny hamlet out of the reach of provincialism and makes us a part of the great cosmic force. Therefore it is now, "Hands Across the Sea" indeed, as well as hearts. So let us greet this gallant French soldier as a man and a brother. Give a crowded house and a rousing welcome to this distinguished son of our sister republic and in a spirit of liberty, equality and fraternity let the Star-Spangled Banner and La Marseillaise bring us up standing.

At last, thank God! At last we see there is no tribal Liberty! No beacon lighting just our shores! No Freedom guarding but our doors! The flame she kindled for our sires Burns now in Europe's battle fires! The soul that led our fathers west Turns back to free the world's oppressed!

PLANNING FOR BIG MASS MEETING

The Chamber of Commerce is planning a patriotic mass meeting Friday, March 29, when Dr. Ernest Powell and Dr. Lyman Abbott, editor of the Outlook, will deliver addresses. It is more than likely that this patriotic mass meeting will be held in the Baptist Church.

Mrs. J. B. Lykins and daughter, of Portsmouth, Ohio, arrived Friday for a visit to Mr. and Mrs. C. S. Dale, of West Second street.

WATER SITUATION

To Be Discussed at Weekly Meeting of Chamber of Commerce on Next Monday Night.

The regular weekly meetings being conducted by the Chamber of Commerce for the purpose of discussing the various problems confronting the different divisions are greatly increasing in interest.

When the order was issued by the government declaring Monday heatless day the meetings were changed to Tuesday and have continued each Tuesday evening. Next week the meeting will be held on Monday night at 7:30 o'clock and will be in charge of the Public Utilities Division, of which Mr. J. N. Kehoe is chairman; J. C. Everett and E. M. Smith members. The principal discussion of the evening will be the local water situation.

Several of our prominent men will discuss the problem and it is more than probable that some action will be taken looking to a more satisfactory water supply.

Rev. and Mrs. W. B. Campbell and daughter returned last night from a visit to relatives at Nicholasville.

LITERACY AND AMERICANIZATION

The Arkansas Illiteracy Commission has announced through recent reports that between 1200 and 1500 adult illiterates were taught to read in the "moonlight" schools of that state during the past fall. In its report the commission gives the number of such schools as seventy-five.

At the fall schools the aim was to teach simply the elements of reading and writing. Along with that instruction the teachers tried to give encouragement for further study and to instill ideas of progress and intelligent citizenship.

It was hoped that many of the students would be able to continue their study alone during the winter. And in the spring the schools will open again, this time with some slightly advanced courses. Simple arithmetic is being taught along with the reading and writing.

So far the work in Arkansas has received no financial aid from the state. It is probable, however, that the legislature will appropriate the need for such work and will make an appropriation to further it this year.

Arkansas is just one state that is taking this educational work more and more seriously. In other state definite steps are being taken to reduce illiteracy. And with the education of illiterate Americans goes the education of our foreign element. Americanization work is making great forward strides these days.

A young woman engaged in teaching our language and customs to alien-born residents of her city, regrets that so much of this important work is considered simply as war work. But even though the emphasis is laid on the war emergency phase now, the work is bound to go on when peace comes. America is awake at last to the need of helping her foreign-born citizens to become real Americans.

With the big impetus the war has given all this work, it should continue to spread until tolerance of illiteracy and illiteracy itself are wiped out, and until every foreign-born resident of the United States eagerly seeks citizenship, realizes fully the responsibilities and privileges of that title.

THE PRICE OF WHEAT

Maybe it will begin to dawn on congress after a while that possibly the federal food administration knows more about food control than the average congressman does.

A conspicuous example of the harm that may be done by thoughtless meddling shown in the practical effects resulting from the recent introduction of bills raising the minimum price of wheat. Certain congressmen thought the farmer ought to get more for his wheat this year, and so went blithely ahead with legislation adding 50 to 75 cents a bushel. Wherefore nearly all the farmers who have wheat left over from last year's crop are said to be holding it in the hope of getting a higher price. Natural movements to the mills slow up and the flour scarcity increases.

One little detail that escaped the notice of the congressmen was that the prices of \$2.20 for last year's wheat, and only \$2 for this year's had been particularly adjusted for the purpose of bringing into the market all of last year's crop before the new crop came on.

Whether or not the price for 1918 wheat should be raised is a fair question to be discussed openly and settled in fairness to everybody concerned, including the farmer. But manifestly the raising of the question at this time is inopportune. Congress should co-operate with the food administration instead of hindering its purpose.

MORE SUGAR

A note of cheer has been introduced into an otherwise gloomy food situation. There is going to be more sugar. Shipments from Cuba are steadily increasing. All parts of the country will receive a more plentiful supply as the warm weather comes on and the ear shortage is relieved.

There isn't going to be any sugar to waste. But after our hand-to-mouth experience this winter there will be few persons disposed to waste it.

There will be a sufficient supply for all legitimate purposes—for ordinary household use and for the manufacture of the essential food products. And as a matter of special interest to the average consumer, the food administrator announces that there will be plenty for domestic canning during the summer and fall.

With our new appreciation of the value of preserved fruits, jellies, jams and vegetables, the American housewife will want to go into canning on a bigger scale than ever this year. It is reassuring to be told, thus early that she may do so without fear of having her materials spoil for lack of sugar at the critical moment, a misfortune that befell many a domestic canner last fall.

WHAT WASHINGTON WOULD DO

In one important particular we have departed from the explicit policy laid down by George Washington in the great document which for a century and a quarter has been our political Bible. We have abandoned our isolation and are participating frankly in European affairs, on equal terms with European powers.

We cannot help that. Times have changed. It was inevitable. We sought no quarrel in Europe, and no alliance. Europe came to us and dragged us in. We do not think that Washington himself could have avoided our choice, or would have sought to avoid it.

And once launched on this new course, we are using our position for the supreme purpose that Washington desired and foresaw—the democratization of the world.

Favor is deceitful, and Beauty is vain; but the woman with the hoe, she shall be praised.

38 FEET OF LETTER

(Brooklyn Standard Union)

There is no fear that many communities will do as a number of citizens of Holyoke, Mass., did in writing a thirty-eight-foot letter to a "native son" stationed in France caring for Uncle Sam's interests. Almost everybody in Holyoke must have dipped his or her pen in ink to send a message to the soldier. It is a novel method of letting a boy at the front know that the people back home are thinking of him, but an elephantine letter of this character is overdoing the thing a bit.

A hearty welcome is extended to one and all, don't fail to come.

J. F. RUGGLES, Pastor.

Why not try a Ledger Want Ad?

DON'T BEAT YOUR BOARDING HOUSE

The Flemingsburg Times-Democrat says: Last fall a fellow giving the name of Goodman came here with an alleged "Show" and got board with Mrs. William Crawford. When the show left he seemed to like his boarding house and didn't go with it. He stayed on for some time and gradually fell behind in his board bill until he owed Mrs. Crawford some \$18. Then he concluded to hunt a new boarding house, and went to Maysville where he remained for some weeks. Finally he came back to this city a few days ago and was arrested on a charge of jumping his board bill. On his trial in Judge Fulton's Court he was given \$25 fine and 25 days in jail with a hard labor clause attached. He evidently wished to show that there's nothing in a name.

You can put a fellow in the trenches but you can't keep a good man down.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

I could not do anything, not even sleep at night. It kept me awake most of the night. . . . I took different medicines, but nothing did me any good or relieved me until I took Cardui. . . .

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. . . . I decided I would try Cardui. . . . By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial.

OPPOSITION

To Crowder's Plan For Apportionment of Men For the National Army.

Washington, March 14—Vigorous opposition to Provost Marshall Gen. Crowder's plan to change the basis of apportionment of men for the National Army to the number registered in class 1 instead of population of the States, was launched in the House today with the filing of a minority report from the Military Committee on the pending resolution for that purpose.

The provost marshal general already has announced that he will not go ahead with the second draft until the law is changed.

A favorable report on the resolution already passed the Senate also has been made, but will not be brought up in the House until Secretary Baker returns from Europe.

Representative Gordon, Shallenberger, Wise, Nichols, Harrison and Hull joined in the dissenting report which declared that the proposal would subject to the arbitrary will and authority of those in control of the nation's military power the 9,000,000 men registered except only those unconditionally exempt from the draft, as fully and completely for all practical purposes as those already inducted into the military service.

Provost Marshal General Crowder, who was before the Senate Military Committee when the House report was presented, appeared much concerned over Chairman Dent's plans to delay action on the legislation until Secretary Baker returns. Earlier action, he believes, is necessary because of the approaching new draft.

THE RATTLE'S RATTLE

(Chicago Tribune)

The rattle of the rattiest SHRD. The rattle of the rattiest snake is developed from the simple conical scale or epidermal spine, which in most snakes forms the internal tegument of the tail. The bone on which the root of the rattle rests consists of the last caudal vertebra and is covered with a skin which is the beginning of the rattle in young rattlesnakes.

Y. M. C. A. HUTS DESTROYED IN GERMAN ADVANCE

Chicago, March 14—Y. M. C. A. secretaries in Russia have been compelled to retire before the German advance toward Petrograd and many of the Red Triangle huts have been destroyed, according to cable dispatches received by the National Work Week Council here. All secretaries and workers are, however, reported to be safe.

A cablegram just received from Russia reads: "All front Y. M. C. A. huts captured by Germans are destroyed. Secretaries are safe. Association plans will be pushed forward."

In a later dispatch, Jerome Davis, national secretary of the Y. M. C. A. for Russia says: "Majority of secretaries have gone to Siberia. Keeping representatives at Moscow. Releasing secretaries desiring to return to America."

Many of the Y. M. C. A. workers are remaining in Moscow, it is stated, to await new opportunities for service. Native Russian secretaries have assumed responsibility for carrying on the work of the Y. M. C. A. in Petrograd as long as that is possible.

Y. M. C. A. work has been in progress at more than 100 centers in Russia. The effort was undertaken at the request of the Russian government and made such an impression that through the various changes the Association has continued its work almost without interruption.

The work ranged from huts in the front lines to building work in Petrograd, Moscow, other important Russian centers and at the great concentration camps. The Association worked did so much to uphold the morale of the Russian troops and to emphasize the fact that America (a sister republic, in its hte war, that the Germans started the bitterest kind of propaganda against it. Steps were taken to meet this propaganda and the work has continued amongst the soldiers and has been abandoned only as they withdrew in front of the German advance.

CANNOT MATCH THE BIBLE

(Detroit Free Press)

The bulk of the people—business men, lawyers doctors and others don't read the Bible, but writers universally recognize it as the greatest book. Prof. William Lyon Phelps of Yale University, said in a recent address. "Being a serious book it is weak in humor," Professor Phelps said. "But I think Job intended a grim joke when he said, 'Would that mine adversary had written a book.'"

"No narrative writers can match the style of the Bible's old testament stories—Hume, Gibbon, Rose—they are all inferior. This is the day of the short-story writer, Kipling, De Maupassant, O. Henry, but their best efforts fall short of the stories of the Bible. So it is with its poetry in the Psalms. Its wisdom of the Proverbs is just as up-to-date as the morning paper, and there is no political economy equal to the Book of Gospels. "It is impossible to over estimate the Bible's influence on English liter-

"Lincoln knew only two books—the Bible and Shakespeare, and yet he was a splendidly educated man. To know the Bible is to be educated. One of the finest metaphors in Keat's 'Ode to a Nightingale' is taken directly from the Bible: 'Nearer My God to Thee' is simply a paraphrase of the Bible."

SAFER THAN IN CIVIL WAR

(Surgeon General Gorgas in American)

There seems to be an impression in this country that to fight in the present war means almost sure death to a soldier. As a matter of fact, both in the danger from disease and in the deadliness of the actual fighting there is no comparison between the war in Europe today and our Civil War.

In the Civil War our mortality was something over 5 per cent for the four years. It is true that the French armies suffered almost exactly the same death losses during the first five months of this war. But people must not forget that those first five months were the most disastrous period, especially for the allies, who were unprepared in every way.

By 1916 the French had reduced their mortality to only about 2 per cent for 12 months! That is a rate of only 20 per thousand. Even in civil life a rate of 13 to 15 per thousand is usual. Therefore it is evident that the additional war risk is surprisingly low.

After a three days' battle in our Civil War—such a battle as Gettysburg, for instance—a third of the men engaged were left on the field. You cannot find in the present conflict any three days as disastrous as that.

WILSON ASKS YOUTHS TO HELP WITH FARM WORK

Washington, March 14—President Wilson today called on all American boys of sixteen years and over not permanently employed to enroll in the United States Boys' Working reserve. A national enrollment week beginning March 18 has been set aside by the department of labor.

The President's open letter made public today follows:

"The department of labor has set aside the week beginning March eighteenth as national enrollment week for the United States boys working reserve. The purpose of this national enrollment week is to call the attention of the young men of the nation to the importance of increasing the food supply by working on the farms and to urge them to enroll in the reserve.

"I sincerely hope that the young men of the country of sixteen years of age and over, not now permanently N. Y.

TROTZKY AGAINST PEACE

Washington, March 14—Further indications that Leon Trotsky, the former Russian Foreign Minister, will oppose ratification by the Soviet Congress of Germany's peace terms, and that he will advocate reorganization and use of the army in defending Russia, were contained in a dispatch to the State Department today from Ambassador Francis at Volodgia.

The Ambassador reported a conversation that Trotsky had with some one as late as March 11, in which he said he considered war unavoidable, and advocated an "iron discipline" for the army. The Ambassador added that this might or might not be significant.

The former Foreign Minister expressed great interest in the report that Siberia was about to be invaded.

HIDDEN DANGERS

Nature Gives Timely Warnings That No Maysville Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are weak. Weak kidneys excrete a clear, amber fluid. Weak kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, suggest weak kidneys and warn you of the danger of dropsy, gravel and Bright's disease. In that case Doan's Kidney Pills have been endorsed by thousands. Here is a statement of a nearby resident.

Jas. M. Newton, Gum, St. Aberdeen, Ohio, says: "I have used Doan's Kidney Pills off and on for several years and have been greatly benefited. Whenever my back has been weak or when my kidneys have been too frequent in action, I have used a box or so of Doan's Kidney Pills, which I get at Wood & Son's Drug Store. They have always relieved me in a short time."

The above is not an isolated case. Mr. Newton is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Newton had. 60c all stores. FOURTH-CLASS POSTMASTER EXAMINATION

The United States Civil Service Commission has announced an examination to be held at Maysville, Ky., on April 13, 1918, as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth-class postmaster at Springdale, Ky., and other vacancies as they may occur at that office, unless it shall be decided in the interests of the service to fill the vacancy by reinstatement. The compensation of the postmaster at this office was \$254 for the last fiscal year.

Applicants must have reached their twenty-first birthday on the date of the examination, with the exception that in a State where women are declared by statute to be of full age for all purposes at eighteen years, women eighteen years of age on the date of the examination will be admitted.

Applicants must reside within the territory supplied by the post office for which the examination is announced.

The examination is open to all citizens of the United States who can comply with the requirements.

Application blanks, Form 1753, and full information concerning the requirements of the examination can be secured from the postmaster at the place of vacancy or from the United States Civil Service Commission, Washington, D. C.

Applications should be properly executed and filed with the Commission at Washington, D. C., at the earliest practicable date.

OKLAHOMA P-T. A.

Mason county has many things of which she may justly be proud. The interest which is being manifested in the origination of Parent-Teacher Associations in the county schools holds first place.

The patrons of the Oklahoma school met Friday afternoon at the school building and organized its first meeting.

Mrs. James B. Ross, County Organizer of Parents-Teachers Associations addressed the meeting setting forth the advantages to be gained by home, school and community. An earnest plea was made for the co-operation of the patrons and the service that might be rendered not only their community, but their state and nation.

The following officers were elected: President, Mrs. Jessie Worthington; vice president, Mrs. Marshall Cooper; secretary, Miss Emma Hart; treasurer, Mrs. James B. Wood.

County Superintendent Turnpseed expressed his approbation of the organization in most pleasing terms and hoped that Oklahoma would be the banner association of Mason county.

Dr. Locke then gave a helpful talk on health and sanitation.

The pupils gave some interesting numbers.

The association adjourned to meet next Thursday, March 21, to begin real work. All interested in Oklahoma are cordially invited to be there at 2 o'clock.

Fire Chief Newell last night moved the "Uncle Bob" to the Farmers & Planters Warehouse, in order to give protection to that end of the city cut off by the high water flooding Bridge street.

Miss Martha Lovel of East Third street and Mr. Lloyd Smith, buyer for Liggett & Meyers Tobacco Co., are in Cincinnati today attending the "Follies."

Miss Sallie Bryant leaves today for Washington, D. C., where she has accepted a government position as stenographer.

Miss Scottie Stevenson of the county is in Cincinnati today.
